# PREFACE

We are proud to present to you the winning quilts of the 21st South African Quilt Festival 2022. We want to thank all the quilters willing to enter their quilts. I am sure everyone attending the exhibition will be delighted with the diversity of the quilts. I believe that these quilts will encourage you to make your own masterpiece - and share it with us at the next exhibition.

Ek is verheug dat ons met hierdie publikasie die werk wat kwliters in 2022 doen, kan boekstaaf. Dit is ons bydrae om die geskiedenis van kwiltwerk in Suid-Afrika op hierdie wyse met ons nageslag te kan deel.

When Quilters work on and make a quilt, it is so much more than just sewing. It is an outlet for our creativity, interest in pattern and colour combination, using our stash of fabric as our palette, and searching for the just right fabric in every shop and online website. Our quilts represent our love for our craft, for our children or other recipients of the quilts. When we sew the quilt, we also stitch our feelings, emotions and thoughts in the cloth. Our quilts represent us in far more ways than you see in this exhibition.

Enjoy the quilts and be inspired to make your own.

The Outeniqua Quilters' Guild was founded in 1986.

Our members come from Plettenberg Bay, along the Quteniqua Hop to De Rust. In March 2022 on National Quilt Day, we transformed a working "skuur" into a stitching lounge where we also meet every second month.

Our members meet in smaller groups on a monthly and weekly basis.

One highlight of our quilting calendar is a mini festival where classes are offered by local and national teachers.
